Black

Café Espresso Intensity 12

Made with coffee from South America and Asia, which reveals the intense body and persistent palate that are the original characteristics of its beans.

Brown

Café Espresso Intensity 11

Characterized by a mix of intense and deep flavour with a dense crema and the original subtle earthy nuance characteristic of beans from Brazil and Colombia.

Yellow

Café Espresso Intensity 10

Delicate flavours with a slight taste of dried fruit and the intense palate characteristic of beans from Brazil, Costa Rica and Guatemala.

Red

Café Espresso Intensity 9

Aromatic origin coffee from India and Sumatra, comprising of a mixture of round flavour and fruity and intense aroma, thanks to the characteristic notes of the beans from this region.

Blue

Decaffeinated Intensity 8

Coffee, decaffeinated by natural process from Central and South America. This gives you a very balanced cup of coffee with a fine palate.

COFFEE PODS DÁTIL

The best beans from the best regions of the coffee world, made in biodegradable pods which guarantee the right body, creaminess and flavour of each coffee in every cup. Available in 5 varieties, distinguished by their intensity, colour and different flavour nuances of espresso coffee, as well as a decaffeinated coffee, all of which are included in our tasting format Mix Box.
